Additional Ethernet Drop (Must order Dedicated Internet Service above)	\$350 Each
Public IP packages available for Dedicated Internet Services	Call for Pricing
For additional bandwidth or IP options, please call	

WIRELESS INTERNET SERVICES

Please be aware that Wi-Fi broadcasts within unregulated airspace. This means that many factors outside of our control can disrupt your wireless signal (such as MiFi's, cell phone hotspots/tethering, wireless routers, etc.). It is recommended that your device has the ability to operate within the 5 Ghz spectrum (802.11a/n/ac). We have found it to be a more optimal environment.

Custom wireless buyouts available for larger events with sponsorship opportunities	Call for Pricing
